Director: Steve Jones

Physics post: Autumn 2024

Senior Physics Adviser & Radiation Protection Advice Service manager

Note: This role is office based and **cannot be completed remotely**.

The application pack includes:

- Job specification
- Person specification
- Application form
- G001 A guide to CLEAPSS services containing:
 - Details about CLEAPSS and its work.
 - A short description of the CLEAPSS RPA service
- A copy of the CLEAPSS strategic plan 2021 - 2025

We are looking for an individual who has a passion for practical work in physics and who can demonstrate an enthusiasm for, and experience of, teaching physics at both GCSE & Post 16 level. The successful applicant will play a key role in shaping future developments CLEAPSS guidance and support for practical physics. This will include updating existing guidance as well as designing new resources to cover emerging areas of practical physics. There is a significant opportunity to develop and deliver exciting training for teachers and technicians.

Whilst the role includes producing H&S advice and guidance the emphasis at CLEAPSS is very much on good quality practical work to support learning. Training and support will be available for the suitable candidate in the more technical aspects of H&S legislation such as radiation protection.

We are looking to appoint someone to start as soon as possible.

A relocation package up to £8,000 is available for the successful candidate

Completed application forms should reach CLEAPSS by **5.00pm on Monday 11th November**.

Shortlisting will take place on **Tuesday 12th November**.

Interviews will be held at CLEAPSS' offices in Chesham on **Monday 25th November**.

If you wish to have an informal conversation about the role or about what CLEAPSS does please contact the Director, Steve Jones, or Deputy Director, Matt Endean, at CLEAPSS.

I look forward to hearing from you.

Yours sincerely,

Steve Jones
Director
